

A World of Sourcing, All in One Place, At Bangkok Gems

The Bangkok Gems & Jewelry Fair brings together one of the most comprehensive collections of gem and jewelry businesses under one roof, creating the perfect sourcing environment designed for serious buyers.

With more than 1,300 exhibitors from Thailand and all over the world, the fair offers direct access to manufacturers, suppliers, designers, and solution providers across every segment of the gems and jewelry industry.

From raw gemstones and fine jewelry to OEM and ODM partners, buyers can explore new collections, negotiate directly with producers, and build long-term partnerships that support sustainable business growth.

This is where global sourcing meets real trade opportunities.

The 73rd Bangkok Gems and Jewelry Fair will take place from 22–26 February 2026 at QSNCC, Bangkok.
